Development Council, Inc.

About The Site Supervisor Handbook

This handbook is intended to be a *living reference*. That is, it may change and evolve throughout the year. The Appalachia CARES program may add to the handbook, modify the handbook with new policies, AmeriCorps updates, and program developments. The purpose of this handbook is to clearly outline and define the policies and expectations, so you can begin as a site supervisor with complete knowledge of the guidelines for Appalachia CARES / AmeriCorps members and your responsibilities as a host agency. Read **highlighted sections** and notes in *red text* carefully. Although this is designed to be a thorough reference tool, please contact the Appalachia CARES program director if you ever have a question regarding the regulations or consequences contained in this handbook.

Understand that program staff has the mission of the program and the success of each member serving at each site in mind at all times. If you ever have a question or concern about any issue big or small, do not hesitate to contact the Appalachia CARES program director. We are in this together, and we will be as flexible as we can to positively address specific situations as they arise. Finding creative solutions to problems is a part of our job!

Host Agency / Program Overview

The Appalachia CARES program is a grant funded AmeriCorps program. It is sponsored by the Clinch-Powell Resource Conservation and Development (RC&D) Council. The RC&D is a 501(C)(3) organization tax exempt under the IRS Code. It is a nonprofit corporation chartered by the State of Tennessee.

Mission

It is the mission of Clinch-Powell to build strong, sustainable communities by investing in people, housing, ecotourism and conservation of natural resources. We accomplish this through partnerships, direct investments, financial education and counseling, and by providing housing solutions, primarily in Tennessee.

The goal of the Appalachia CARES program is to engage youth and community members in community-based service-learning activities that address genuine community needs, provide opportunities to confront, consider alternatives, and find solutions to local community needs, and to promote active citizenship within the community.

History

The Clinch-Powell RC&D Council, Inc. is a rural community development organization based on sound utilization of natural and human resources, serving Tennessee communities since 1989. Clinch-Powell RC&D operates programs in conservation, sustainable economic development, education and arts, tourism, basic human needs, and building quality communities. Clinch-Powell has sponsored the Appalachia CARES program since 1996, when it started as a school-based program. In 2004, the program expanded to include community-based placements, and has since shifted to a completely community-based program, with partnerships still intact with area schools in member's implementation of service-learning projects and community outreach efforts.

The Corporation for National and Community Service (CNCS), Clinch-Powell, and Appalachia CARES are committed to providing equal opportunity for all. We do not discriminate in any aspect of employment or service because of race, color, sex, national origin, religion, age, mental or physical disability (including HIV/AIDS), sexual orientation, gender identity or expression, political affiliation, marital or parental status, military service or any other improper criterion. Personal Information Change

Due to the program’s need to maintain accurate records, members are required to notify the program director within 24 hours of any change in the following: home address, telephone number, email address, legal name, marital status, number of dependents, emergency contacts, or arrest records. Performance Evaluation

Full-time (1700 hour) and part-time (900 hour) members will have a mid-term and end-of-term performance evaluation conducted by the agency site supervisor and the Appalachia CARES / AmeriCorps program director.

If a member receives less than satisfactory reviews, a service improvement plan will be implemented, and the member will be given 30 days to display and document improvement toward the goals outlined in the improvement plan. Members serving in less than part-time (900 hour) positions will have an end-of-term performance review only. *Forms and instructions will be emailed by the program director. The site supervisor will set up a meeting to discuss the review with the member.*

Discipline Procedures

In general, for violating the above stated rules, the program will do the following (except in cases where during the term of service the member has been charged with or convicted of a violent felony, possession, sale or distribution of a controlled substance):

1. For the member's first offense, an appropriate program official will issue a verbal warning to the member.
2. For the member's second offense, an appropriate program official will issue a written warning and reprimand the member.
3. For the member's third offense, the member may be suspended for one day or more without compensation and will not receive credit for any service hours missed.
4. For the fourth offense, the program may release the member for cause.

The member understands that he/she will be either suspended or released for cause for committing certain acts during the term of service including but not limited to being convicted or charged with a violent felony, possession, sale, or distribution of a controlled substance.

Release from Term of Service

The member may be released by the Program from the term of service in the following two ways:

1. Suspension, as described below.
2. Termination.

The member understands that he/she may be released for the following two reasons:

1. For cause, as explained below
2. For compelling personal circumstances as defined below

The program will release the member for cause for the following reasons:

1. The member has dropped out of the program without obtaining a release for compelling personal circumstances from the appropriate program official;
2. During the term of service the member has been convicted of a violent felony or the sale or distribution of a controlled substance;
3. The member has committed a fourth offense in accordance with the discipline procedure;
4. The member has committed any of the offenses listed; or
5. Any other serious breach that in the judgment of the program director would undermine the effectiveness of the program.

The Program may release the member from the term of service for compelling personal circumstances if the member demonstrates that:

1. The member has a disability or serious illness that makes completing the term impossible;
2. There is a serious injury, illness, or death of a family member which makes completing the term unreasonably difficult or impossible for the member;
3. The member has Military service obligations;

4. The member has accepted an opportunity to make the transition from welfare to work; or
5. Some other unforeseeable circumstance beyond the member's control makes it impossible or unreasonably difficult for the member to complete the term of service, such as a natural disaster, a strike, relocation of a spouse, or the non-renewal or premature closing of a project or the program.

Compelling personal circumstances do not include leaving the Program:

1. To enroll in school;
2. To obtain employment, other than in moving from welfare to work; or
3. Because of dissatisfaction with the program.

Suspension

The Program may suspend the member's term of service for the following reasons:

1. During the term the member requests a suspension based on compelling personal circumstances. During the suspension from service, the member will not receive credit for service hours or benefits. The member may resume his or her term of service once the circumstances supporting the suspension have been resolved. However, a suspension may last no more than two years from the date of suspension. If the member does not resume the term within the two year period, the member may request that the program exit the member and the member will be eligible for a partial education award based on the number of hours served in the term.
2. During the term of service the member has been charged with a violent felony or the sale or distribution of a controlled substance. (If the member is found not guilty or the charge is dismissed, the member may resume his/her term of service. The member, however, will not receive back living allowances or credit for any service hours missed.)
3. During the term of service the member has been convicted of a first offense of possession of a controlled substance. (If, however, the member demonstrates enrollment in an approved drug rehabilitation program, the member may resume the term of service. The member will not receive back living allowances or credit for any service hours missed.)

The Program may suspend the member's term of service for violating the rule of conduct provisions set forth in this handbook.

If the program releases the member for cause or for compelling personal circumstance, the member will cease to receive benefits.

If the program releases the member for cause the member will receive no portion of the education award. If, however, the program releases the member for compelling personal circumstances, the member will receive a prorated education award, provided the member has completed at least 15 percent of the hours needed to complete the term of service.

A term that ends early, either for cause, or for compelling personal circumstances, is still considered a term and the education award that the member receives, or would have been eligible to receive, will count towards the total of two education awards an individual may receive through service with AmeriCorps.

The site should communicate any concerns with the program. As Appalachia CARES/AmeriCorps members (NOT agency staff), individuals in our program will go through our disciplinary procedures.

Grievance Procedures

The member understands that the Program has a grievance procedure to resolve disputes concerning the member's suspension, dismissal, service evaluation, or proposed service assignment. The member understands that, as a participant of the program, he/she may file a grievance in accordance with the Program's grievance

procedure. Attempts will be made at every administrative level in the agency necessary to resolve causes of dissatisfaction related to participation or service delivery. The order of appeal will proceed through established channels.

The Appalachia CARES / AmeriCorps members will use the following order of appeal:

Step 1 of the grievance process should be the filing of a written grievance by the affected party seeking personal relief in a matter of concern or dissatisfaction relating to any AmeriCorps program issues, such as assignments, evaluations, suspension, or release of cause. Should the affected party decide to file a grievance, the following options are available for settling a grievance:

Option 1: Resolution through Immediate Supervisor (Program Director). Prior to initiating the formal written grievance procedure, the aggrieved member should refer the complaint to his/her immediate supervisor who will attempt to resolve the complaint by mediation.

Option 2: Optional Alternative Dispute Resolution (ADR). As a first option, a member may choose to have the operating site designate a neutral party to resolve the complaint. Please read the ADR section regarding specific guidance and time limits for ADR process.

Option 3: Grievance Hearing. A member may choose a grievance hearing to resolve the complaint. A written request for such a hearing must be made in writing to the Program Director. Please read the Grievance Hearing section regarding specific guidance and time limits for the grievance hearing and the grievance hearing decision.

Option 4: Binding Arbitration. Binding Arbitration is available to the affected party only if a grievance hearing decision is adverse or if no decision is made within 60 days of the filing of the initial grievance. Please read the Binding Arbitration section regarding specific guidance and time limits for arbitration proceedings.

Optional Alternative Dispute Resolution (ADR)

ADR must be selected within 45 days of the underlying dispute. If a member chooses ADR as a first option, a neutral party designated by the Clinch-Powell RC&D Council will attempt to facilitate a mutually agreeable resolution. The neutral party must not have participated in any previous decisions concerning the issue in dispute. ADR is confidential, non-binding, and informal. No communications or proceedings of ADR may be referred to at the grievance hearing or arbitration stages. The neutral party may not participate in subsequent proceedings.

If ADR is chosen by the member, the deadlines for convening a hearing and for a hearing decision, 30 and 60 days respectively, are held in abeyance until the conclusion of ADR. At the initial session of ADR, the neutral party must provide written notice to the aggrieved party of his or her right to request a hearing. If ADR does not resolve the matter within 30 calendar days, the neutral party must again notify the aggrieved party of his or her right to request a hearing. At any time, the aggrieved party may decline ADR and proceed directly to the hearing process.

Grievance Hearing

A member may request a grievance hearing without participating in ADR or if the ADR process fails to facilitate a mutually agreeable resolution. The member should make a written request for a hearing to the program director, Tenna Brown. Except for a grievance that alleges fraud or criminal activity, a request for a grievance hearing must be made within one year after the date of the alleged occurrence. At the time a request for a hearing is made, the program should make available to the member information that it relied upon in its disciplinary decision.

The executive director / Coordinator of the Clinch-Powell RC& D Council will conduct the grievance hearing. The person conducting the hearing may not have participated in any previous decisions concerning the issue in dispute. A hearing must be held no later than 30 calendar days after the filing of the grievance, and a written decision must be made no later than 60 calendar days after filing.

Binding Arbitration

An aggrieved party may request binding arbitration, if a grievance hearing decision is adverse or if no decision is made within 60 days of the filing of the grievance. The arbitrator must be independent and selected by agreement of both parties. If the parties cannot agree on an arbitrator, the Corporation for National and Community Services Chief Executive Officer (CEO) will appoint an arbitrator from a list of qualified arbitrators within 15 business days after receiving a request from either party.

An arbitration proceeding must be held no later than 45 calendar days after the request for arbitration or no later than 30 calendar days after the appointment of an arbitrator by the executive director/Coordinator of the Clinch-Powell RC&D Council. An arbitration decision will be made no later than 30 calendar days after the commencement of the arbitration proceeding.

The cost of arbitration will be divided evenly between the parties, unless the aggrieved party prevails, in which case the Program will pay the total cost of the proceeding as well as the prevailing party attorney's fees.
